SATURDAY.....MARCH 12, 1881.

NEWS OF THE MORNING.

Vice President Arthur has not yet called at the White House.

Thurman was surprised and gratified by his appointment on the monetary conference commission.

The Herald's Washington special says: It is rumored that when the Republican Senators are all in their seats and an effort is made to reorganize the Senate committees, they will have the assistance of a Democrat whose name is not Mahone or Davis.

A special from Madison, Wis., states that it is openly charged by the anti-Camerouites that in the election of Angus Cameron to the seat of the late Senator Carpenter frauds were perpetrated, and that the election was the result of both conspiracy and wholesale bribery.

A sad case of fatal poisoning has occurred in Elkader, Clayton county, Iowa, where Mrs. B. Vines, in company with her sister, went out to tea, and ate some canned salmon. Mrs. Vines died from the effects of the poison which the salmon had produced by corroding the can. The salmon was tainted and the can was turned green in consequence.

The World's Washington special says: Conspicuous among those who have failed to call yet upon Garfield are Vice President Arthur and Senator Conkling. The only exchange of courtesies between the President and Conkling since the inauguration occurred Thursday, when, through a friend, the President caused inquiry to be made as to what Conkling desired of the Administration. Conkling replied that the President could learn at first hand at any time by sending for him, but at no time through an intermediate source.

EUREKA AND THE SALARY ACT.

According to the Eureka Leader Eureka county is doomed to a financial crisis, and all on account of the Salary Act. We are really sorry for Eureka, because we believe that if the provisions of the Salary law were properly carried out that county would be saved at least \$10,000 per year. But when the Commissioners so plainly violate the law as to allow themselves mileage, it is not to be wondered at that a transfer of \$1,900 per month is required from the General to the Salary Fund. But even if that is the worst there is no occasion for Eureka to make such a noise about it. That would amount to \$22,800 of an apparent deficit for a year. We undertake to say, right now and here, that the county paid its officers more money than that every year since it has been organized. If such is the case, we fail to see wherein the county is damaged by the Salary Act. The \$1,900 deficit represents the county work. The chances are that sum could be considerably reduced if the Commissioners would reduce the number of Deputies they have scattered around the courthouse.

THE LEWIS WAR

The trouble at Lewis is assuming a serious aspect, and it would not be surprising to hear to-day that Governor Kinkaid had ordered out the State militia. The Union men have the best of the fight now, especially if they have been reinforced from Austin with two hundred men. We have been told that the Austin Union also sent \$500 in money along. The Supt. of the Star and Grove mine was a passenger on the west-bound train through Reno last night, having been compelled to leave the mine for fear of his life. We hope there will be no more blood spilled over the dispute.

It is authoritatively stated that the Governor of California will call a special session of the Legislature, beginning April 4. The call for an extra session will embrace an appropriation bill, tax levy bill, apportionment bill and amendments to the Constitution, which will be mentioned in the message from the Governor to the Legislature when convened.

On Thursday night a remarkable feat in telegraphing was performed in the Western Union office. Through connection was made from San Francisco to New York, a distance of 3,250 miles, and over this messages were sent each way simultaneously, without a break in the line.

The President has nominated and the Senate confirmed Levi P. Morton for United States Minister to France; Wm. M. Evarts, Allan G. Thurman and Timothy O. Howe as Commissioners on the part of the United States to the International Monetary Conference to be held at Paris.

The Illustrated Scientific News.

One of the handsomest publications is the Illustrated Scientific News, published by Mann & Co., New York. Every number contains thirty-two pages, full of engravings of novelties in science and the useful arts. Ornamental wood work, pottery, vases and objects of modern and ancient art are finally shown.

The March number contains, among various other objects illustrated, a full description of the manufacture of paper hangings, with engraving; how the deceptive curve is produced in casting the ball by the baseball pitcher, his attitude when he holds and handles the ball, all fully illustrated. The number before us also contains engravings of Capt. Eads' proposed ship railway across the Isthmus, and a novel hydraulic railway locomotive.

In addition to all this it contains many valuable recipes for artisans and housekeepers.

This publication will be found instructive and entertaining to all classes, but will be best appreciated by the most intelligent. Published by Mann & Co., 37 Park Row, New York, at \$1.50 a year, and sold by all news dealers.

General Grant the Adviser of the President.

The New York Evening Commercial prints a Washington special from its editor, which says:

Grant has been called here to advise with the President in regard to Mexican affairs and the China and Japan trade. The General says they are the great points for the United States to play for. No doubt the General has been consulted in regard to the manner of men to be chosen to represent our Government in these countries, looking to securing the vast trade and commerce they can furnish. It is whispered here that Grant has been asked to suggest persons in his judgment the most competent for the service. Rumor says he mentioned several persons, and that one name in particular, that of a distinguished journalist, struck the President with the most favor. Should he be selected, i. would be a great stroke for Garfield's Administration. From all I can learn I am inclined to think Bingham will be recalled from Japan.

Gov. Jewell's Opinion of the New Administration.

A Chicago Journal Washington special says:

Governor Jewell, Chairman of the Republican National Committee, has been here for some days, and naturally would be informed as to the general policy of the new Administration in regard to political affairs. In a conversation with your correspondent, Governor Jewell said: "I believe the present Administration will give us Republicans in office the country over, which will give us a Republican party the country over. In many of the Southern States we had no party for the past four years, so large a portion of the official patronage being in Democratic hands. This condition of affairs I hope, believe, and know is going to be changed. I have had very satisfactory interviews with—I won't say whom—since I have been here, and one thing you can set down as certain, that hereafter none but Republicans will be put on guard."

The report of the rich discovery of a large body of free ore in the Hardshell mine, Harshaw district, Arizona, is fully corroborated by recent letters from Tucson. D. B. Gillette and others are largely interested. R. F. Pixley has been appointed Superintendent. The camp has nearly recovered from the setback caused by the break in the Harshaw stock last December and times are lively. Harshaw stock, which is largely held in Boston, advanced from \$10 to \$18 per share during the month of February, and is firmly held at the last figure. It is probable that the Hardshell stock will be listed and called on the San Francisco Board.

A dinner will be given to General Hancock this evening by the members of the Manhattan Club. Among the prominent persons who are expected to be present are ex-Governor Tilden, ex-Speaker Randall, Augustus Schell, August Belmont, Ex-Governor Hoffman, Mayor Grace, ex-Mayors Cooper, Ely and Gunther, Samuel D. Babcock, A. S. Hewitt, Congressman Hutchins and Cox, Judges Ripalla, Lawrence, Beach, William T. Scott, Corporation Counsel Whitney and Wilson G. Hunt.

The London World's last "Celebrity at Home" article describes President Garfield, and makes some very complimentary remarks, concluding as follows: "The universal prediction is that Garfield will be an immensely popular Chief Magistrate. Four years will not see the end of his stay in the White House." Mrs. Garfield is described as "a quiet, gentle lady, dear to the English heart, soft and retiring, yet full of tender thoughtfulness."

A correspondent of the Times in Berlin comments on the great increase of emigration to the United States and says: "Whole villages are described by the local papers as migrating from Posen, Prussia proper, and Schleswig. The German government particularly aims to divert emigration from the United States."

HAYES AT HOME.

The Ex-President Welcomed by His Friends and Neighbors.

A Fremont (Ohio) dispatch of the 8th relates the reception accorded ex-President Hayes. It reads as follows:

Ex-President Hayes and family arrived this evening, and were met at the depot, which was finely decorated, by over 2,000 citizens, who cheered the party enthusiastically. A Reception Committee of ten prominent citizens met the ex-President at Clyde, and a large concourse of people formed in procession. All the residences, public buildings, lawns and the park along the line of march were brilliantly illuminated, with splendid effect. Hon. Homer Everett then delivered an address of welcome, in which he referred to the genuine hearty feeling of welcome shown by every class of citizens, and said: "In 1876 you took the lead of the weak and decaying Republican party, then already in the popular minority. Your wisdom and skill have raised it to a majority and made it so strong that to-day it can stand against the world. You took the leadership of the Nation burdened with debt and groaning under financial distress, and, on Friday last you left it in better financial condition than any other on the globe. In spite of some sulking and disobedient brake-man, you have firmly, steadily and successfully run the executive train for four years."

THE EX-PRESIDENT'S SPEECH.

In reply, ex-president Hayes extolled the cities of Columbus and Washington, where he and his family had resided for the past six years; but he said they had never wavered in their purpose to return to Fremont and make their home there. He said this was an answer to the question, What should become of a retiring Chief Magistrate of this country? Let him go back to his home and do his duty as an American citizen, peace and contentment would come to him. The character of the Government is formed in the homes of the people, I prefer not to speak of the administration just closed. No explanation of mine can materially change the judgment of the people as to its place in history. It has been from the beginning to the end of my term my earnest desire and purpose to do my duty, so that

EVERY SECTION OF OUR COUNTRY,

And all descriptions of our people, would have the benefit of an honest, liberal, patriotic and just administration of the General Government. If, in any marked degree, my Administration has been blessed with success, it is largely due to the able statesmen to whom I have confided the great departments of government, and who have been the official counsellors of the President. I am happy to know that this welcome is no wise partisan. It is one of the agreeable features of the occasion that all parties are here represented. Something of the same good fortune has followed me throughout my Administration, in Congress and among the people, from the South as well as the North. As to

THE NEW ADMINISTRATION,

To those who agree with its principles and have confidence in its head and in its advisers, as I have, I would say, let us give it a hearty and generous support. To those who would not have chosen the new Administration, let me say, imitate your gallant and patriotic leader, General Hancock, who, by his presence and cordiality at all the ceremonies of the inaugurations, said to his fellow-citizens, let us give to President Garfield a fair hearing and fair play.

THE LAST SPIKE.

Connection Between the S. P. and the A. T. & S. F. Railways.

A Tucson Star special from Deming Junction under date of the 8th says:

The Atchison, Topeka & Santa Fe made connection to-day at this point at 3:45, San Francisco time. There were present R. R. Coleman, Manager of Construction of the A. T. & S. F. R. R.; A. Longstreet, of the Southern Pacific; J. H. Bates and J. F. Kilalea, of the same, and others. The silver spike was driven at 3:45 by the above named gentlemen. Engineer O'Neill of engine 503, Atchison, Topeka and Santa Fe, ran the first engine from the Atchison to the Southern Pacific road. There was no further demonstration. Through mail and postal facilities have all been arranged. The first through train will leave San Francisco at 9:30 on the 19th, and make the trip through to Deming Junction in sixty hours. It was generally understood that the Presidents of the two roads would be on the ground at the union to-day. The following congratulatory telegram was sent by Governor Fremont and the Arizona Legislative Assembly: Prescott, March 8th: The congratulations of the eleventh Legislative Assembly of Arizona are tendered to the Atchison, Topeka and Santa Fe and the Southern Pacific Railroad Companies, upon the junction of their roads, an event which will make a new era in the prosperity of our Territory, and which gives a second great transcontinental route for the trade and travel of the world. Signed, J. C. Fremont, Governor; Murrat C. Master, President of the Council; J. F. Knapp, Speaker of the House.

The New York Herald in reviewing Mexican affairs, characteristically says:

It is whispered that vast designs are afoot with reference to the regions whose mineral wealth will soon cause California and Nevada to hide their diminished heads. If any credence can be given to several of our inspired contemporaries the new plot against the independence of Mexico far exceeds in magnitude the abortive design of Hayes in 1877, which was so promptly frowned down by our new Premier. As, however, Blaine must be supposed to have the courage of his convictions, it is soothing to reflect upon the dismay which his appointment as Secretary of State must have carried into the camp of the relentless plotters against the peace of the two great American Republics.

LAWS OF THE STATE OF NEVADA.

Passed by the Tenth Session of the Legislature, 1881.

CHAP. IV.—An Act to refund a portion of the bonded debt of Elko county. [Approved January 26, 1881.]

The people of the State of Nevada, represented in Senate and Assembly, do enact as follows:

Section 1. In order to provide for the payment of the outstanding bonds of Elko county, issued under the provisions of an Act authorizing the funding of the debt of Elko county, approved February 23, 1871, the Board of County Commissioners of said county are hereby authorized and directed to cause to be prepared suitable bonds, equal to the amount of said outstanding bonds, issued under the provisions of said Act; said bonds shall be of the denomination of five hundred dollars each, and each and every bond purport in substance that the county of Elko, State of Nevada, owes the holder thereof the sum expressed therein, bearing interest at the rate of eight per cent, per annum from the first day of January, 1881, to any period of time within twenty years from the first day of January, 1881; said bonds and interest shall be made payable in lawful money of the United States, and shall be signed by the Chairman of the Board of County Commissioners of said county, countersigned by the County Auditor, indorsed by the County Treasurer, and shall have the seal of the county annexed thereto.

Sec. 2. Coupons for the interest shall be annexed to each bond; said coupons shall be numbered consecutively, and shall express the amount of interest due at the respective periods herein named, and shall be signed by the Chairman of the Board of County Commissioners and County Treasurer; said coupons shall be made payable at the office of the County Treasurer, commencing, for the first year, on the first Monday in January, 1882, and annually thereafter until the whole amount of said coupons and bonds are paid; upon payment of any of said coupons, the County Treasurer shall cancel and deliver the same to the County Auditor, to be by him filed in his office.

Sec. 3. It shall be the duty of the Board of County Commissioners, and they are hereby authorized, to negotiate the sale of the bonds herein provided for; said bonds shall be sold at the highest market price obtainable, in lawful money of the United States, and the proceeds derived from such sale shall be paid into the sinking fund of said county, as in this Act provided, to be used solely for redeeming said bonds, issued February 23, 1871.

Sec. 4. It shall be the duty of the Clerk of the Board of County Commissioners of Elko county to keep a record of all such bonds as may be issued under the provisions of this Act, showing the number, date, amount and to whom issued.

Sec. 5. After the sale of the bonds herein provided for, it shall be the duty of the County Treasurer to set apart a fund for the purpose of paying the principal and interest of said bonds at the same may become due, which fund shall be known as the interest fund, to create which there shall be levied and collected, in addition to the ordinary taxes for county purposes for the fiscal year, beginning January 1, 1881, and annually thereafter, until all the bonds issued under the provisions of this Act shall have been fully paid, both principal and interest, and the funds derived from this tax shall be applied to the payment of the interest fund.

Sec. 6. The Treasurer of Elko county shall also set apart a fund to be called the sinking fund, into which fund shall be placed any and all surplus of the interest fund, which shall continue until the said sinking fund shall be sufficient for the payment of the bonds issued under the provisions of this Act, and when the same shall have been fully paid, principal and interest, all moneys remaining in the sinking fund shall be transferred to the general fund of the county; the funds derived from this tax shall be applied to the payment of interest accruing upon said bonds, as herein provided; provided, that should a surplus remain in said interest fund after the payment of the annual interest, it shall be applied to the payment of the principal, as herein provided for.

Sec. 7. On the first Monday in January, 1881, or whenever on the first Monday in January annually thereafter, until the bonds issued under the provisions of this Act shall have been paid, there shall remain in said interest fund a surplus of five hundred dollars or more after payment of the annual interest, as in this Act provided, the County Treasurer of said county shall advertise in a newspaper published in Elko county, for the space of thirty days, for sealed proposals for the redemption of said bonds, said advertisements to specify the place, day and hour the said proposals will be opened.

Sec. 8. At the place and time specified the County Treasurer of said county shall open and proposals in the presence of the Chairman of the Board of County Commissioners and County Auditor, who shall pay such bonds presented at the lowest value which they may be proposed to be surrendered; provided, that if there be no sealed proposals made for the surrender of any of said bonds, it shall become the duty of the County Treasurer of said county to advertise in the manner and for the time as before mentioned, for the surrender of so many of said bonds as the amount of money in said sinking fund will pay, in their regular order as numbered, commencing with number one and continuing the payments in that order, according to their number; and in the event that the holder or holders of the said bond or bonds in order of payment, as above provided, shall fail to present his or their bonds for payment at the time and place mentioned in said advertisement, then the said bond or bonds so advertised shall cease to bear interest from the time named in the advertisement for the payment of the same; provided, said Treasurer shall reserve in said sinking

fund an amount sufficient to pay the principal of the bond so advertised when presented for payment.

Sec. 9. All necessary expenses incurred by the Board of County Commissioners of said county, in carrying out and executing the provisions of this Act, shall be paid out of the general fund of said county.

Sec. 10. This Act shall take effect and be in force from and after its passage.

The Literary Revolution.

This very remarkable enterprise continues to make such progress as to astound its enemies. Its greatly increasing proportions have compelled the removal of its headquarters from the Tribune Building to the very large and beautiful building, No. 764 Broadway, which is in the very midst of the "book district" of New York City, and, therefore, of the publishing enterprise of the nation. This building, though six stories in height 25 feet front and 100 feet deep, is sufficient only for the officers and retail store of the Company. The manufacturing is carried on in several large buildings located in other parts of the city, though it is contemplated concentrating them soon in one immense factory to be erected.

Their list of recent and early forthcoming publications are extremely interesting to all who enjoy what is choicer in literature. The Library Magazine is unique in both form and character and altogether delightful in the richness of its contents. Of the book announced, Green's larger "History of the English People," reduced from \$10 to \$1; Carlyle's "History of the French Revolution," reduced to 40 cents; Carlyle's "Heroes and Hero Worship," 25 cents, and the "Revised New Testament," which is promised to be manufactured with rapidity heretofore unheard of, will attract special attention. It is worth while for every one who has not already seen it, to send and get the illustrated pamphlet, "Book Making, and Type Setting by Steam," which will be sent free upon application. Address, the American Book Exchange, 774 Broadway, New York.

Sec. 11. It shall be the duty of the Board of County Commissioners, and they are hereby authorized, to negotiate the sale of the bonds herein provided for; said bonds shall be sold at the highest market price obtainable, in lawful money of the United States, and the proceeds derived from such sale shall be paid into the sinking fund of said county, as in this Act provided, to be used solely for redeeming said bonds, issued February 23, 1871.

Sec. 12. It shall be the duty of the Clerk of the Board of County Commissioners of Elko county to keep a record of all such bonds as may be issued under the provisions of this Act, showing the number, date, amount and to whom issued.

Sec. 13. After the sale of the bonds herein provided for, it shall be the duty of the County Treasurer to set apart a fund for the purpose of paying the principal and interest of said bonds at the same may become due, which fund shall be known as the interest fund, to create which there shall be levied and collected, in addition to the ordinary taxes for county purposes for the fiscal year, beginning January 1, 1882, and annually thereafter, until the said sinking fund shall be sufficient for the payment of the bonds issued under the provisions of this Act, and when the same shall have been fully paid, principal and interest, all moneys remaining in the sinking fund shall be transferred to the general fund of the county.

Sec. 14. On the first Monday in January, 1881, or whenever on the first Monday in January annually thereafter, until the bonds issued under the provisions of this Act shall have been paid, there shall remain in said interest fund a surplus of five hundred dollars or more after payment of the annual interest, as in this Act provided, the County Treasurer of said county shall advertise in a newspaper published in Elko county, for the space of thirty days, for sealed proposals for the redemption of said bonds, said advertisements to specify the place, day and hour the said proposals will be opened.

Sec. 15. At the place and time specified the County Treasurer of said county shall open and proposals in the presence of the Chairman of the Board of County Commissioners and County Auditor, who shall pay such bonds presented at the lowest value which they may be proposed to be surrendered; provided, that if there be no sealed proposals made for the surrender of any of said bonds, it shall become the duty of the County Treasurer of said county to advertise in the manner and for the time as before mentioned, for the surrender of so many of said bonds as the amount of money in said sinking fund will pay, in their regular order as numbered, commencing with number one and continuing the payments in that order, according to their number; and in the event that the holder or holders of the said bond or bonds in order of payment, as above provided, shall fail to present his or their bonds for payment at the time and place mentioned in said advertisement, then the said bond or bonds so advertised shall cease to bear interest from the time named in the advertisement for the payment of the same; provided, said Treasurer shall reserve in said

TOWN AND COUNTY.

Tom. Maguire has engaged the Nevada Theater for May 23d.

Several Renoites are talking of leaving next month for the Wood River country.

The Northern Belle Mining Company has declared a dividend of 50 cents per share, paying on the 15th.

Pete Marker, of Wasbco City, gives notices in our 50-cent column that he is prepared to receive proposals for chopping 10,000 cords of wood.

It is now a settled matter that Hank Kught will travel for a San Francisco liquor firm, with a route encompassing Idaho, Montana and Nevada.

We are indebted to Mr. Edward Allen, of the new book and stationery store, for a box of his best but cigars. They are excellent and no mistake.

The Virginia Footlight is to be enlarged and made a spicy morning daily delivered by carriers at 12½ cents per week. May success attend it.

Perry's Norman stallions continue to attract horsemen to Lee's stables. No finer animals have ever been offered for sale in this market.

Mr. Cummings yesterday morning sold sixteen carloads of cattle to an agent of Grayson, Harold & Co., of San Francisco. The cattle will be shipped this evening. It is said that the price paid was six cents.

Cossit & Bowman can be found at all times in their office in the Journal building prepared to attend to all kinds of legal business in any court in the country. They give prompt attention to all business entrusted to them.

Now we are happy. Just got one of those Great American Stationery Packages from Alien's book-store, next door to Loomis'. It contains 18 sheets extra note paper, 18 extra assorted envelopes, 1 golden pen, 1 good pen holder, 1 exquisite lead pencil, and a set of sleeve buttons and studs. Only 25 cents for the package!

It is stated that Dr. F. J. White, of this city, will have charge of the State Insane Asylum upon its completion. If true, the State may congratulate itself upon its selection [Carson Appeal].

It is stated that Dr. A. Dawson, of this city, will have charge of the State Insane Asylum upon its completion. If true, the State may congratulate itself upon its selection.

Reinforcements for Lewis Miners' Union.

BATTLE MOUNTAIN, March 11.—Two hundred Miners' Union men, came down from Austin this morning and have gone to Lewis.

What it Cost.

The total expenses of the Legislature just adjourned were \$73,254 84. This is the least expensive of any session in ten years. The session of 1873 cost \$79,275 91; that of 1875, \$80,686 60; that of 1877, \$83,758 88, and that of 1879, \$77,895 52.

Good Time.

This lovely Spring weather is just the time to clean yards and gardens. Pick up the boards and sticks, rake off the ground, gather the rubbish in piles and burn it, and see what a decided improvement can be made around almost every house in town. Let us all try and keep the streets looking a little better. Will you do it?

Mining Accident.

Yesterday morning about 2 o'clock a mining accident occurred at the Union Shaft. Through some unfortunate mistake two men were knocked off of a scaffolding down into the shaft. Mur McLean fell eighty feet, and was killed. He was terribly bruised. John Kavanaugh, the second man escaped with a few bruises. McLean was a single man, aged about 36 years, and a fine young man, possessing a large circle of friends.

The Way to Wood River.

Much is being said and written concerning the good qualities of Wood River country in Idaho, and doubtless there is some foundation for the reports circulated.

For the benefit of those of our citizens who expect to seek their fortunes in Wood River will state that the nearest, cheapest and best way to get there is by the Central Pacific and Utah and Northern Railroads. The whole journey can be made by rail, with the exception of a thirty-six mile ride on the stage from the terminus of the U. N. R. R.

The Jailer Matter.

Sheriff Walker continues to employ a Jailer, despite the refusal of the Board to allow him pay for the same. We admire the Commissioners for being as saving as possible, but there is no economy in cutting off the Jailer. The Board should allow a reasonable compensation for one—such is the law upon the statute book, and is in nowise repealed by the Salary Act. It is really necessary, we think, for the Sheriff's office to be allowed a Jailer. It is not to be expected that either the Sheriff or under Sheriff are going to remain in the court-house during night-time, and the county can well afford to keep a man there, to answer calls in the interest of the law and justice, to watch the prisoners, and keep a general lookout for county property generally.

Petition for Pardon.

A petition for the pardon of George Roth is being circulated. Roth is now confined in the State Prison under sentences amounting to 43 years, of which he has served 10 years and 3 months. The petition for his pardon and restoration to citizenship is based on the fact of his uniform good conduct since he has been in the State Prison, and his previous good conduct before the commission of the crimes of which he was convicted, which taken together, tend to show that his crime was the result of rashness of a young man acting under strong provocation in the case of the killing of Miller and that the killing of Phibbs was, as claimed by defendant at the time, accidental.

The Haydon & Shoemaker ditch is being cleared out.

To Ranchers and Gardeners.

RANCHERS AND GARDENERS can save time and money by purchasing their Field, Flower and Vegetable seeds, alfalfa, timothy, red top, blue grass, lawn grass, red and white clover, onion sets, etc., at Queen's Drug Store, west side Virginia St. Buying in large lots of the famous Eastern houses of Vick, Landreth and Ferry I am able to sell all seeds at lowest eastern prices. Saving freight and other expenses to all persons wishing seed.

Having leased the best dairy ranch on the Meadows, for the term of three years, I am prepared to fill all orders for milk on reasonable notice, and my cans and milk route, are not for sale.

61 acres of land, government title, perpetual water, 1½ miles East of the Court House, for sale. Apply to A. T. Rice

To FARMERS.—We have brought from the East a few bushels of the celebrated Russian White Oats. See it and get a few pounds.

OSBURN & SHOEMAKER.

An elegantly carved heavy cased Elgin chronometer, the finest watches made, a beautiful present for a lady, worth \$150, warranted for eight years, will be sold for \$70, at Uncle Harris', 221 Kearny Street, between Bush and Kearny Streets.

The Commissioners of Eureka county insist upon having mileage, in addition to their salary. The Auditor vetoed the allowance, but the Commissioners passed it over the veto. They have no more right to allow themselves mileage than they have to allow the Sheriff or Clerk the fees of their respective officers.

Advertising Medium.

The advertising columns of the JOURNAL afford an excellent opportunity to our readers to study out where purchases of all kinds can be made on the most advantageous terms. All classes of goods can there be found advertised from a suit of clothes or nice silk dress to the daintiest ornament in the jewelry line. The JOURNAL reaches nearly every family as well as business house in the county, and, therefore, advertisers seek its columns that the public may know what they have for sale.

THE WEEKLY JOURNAL.

The WEEKLY JOURNAL, published every Saturday, will be furnished to those desiring it at 2.50 per year in advance. It will contain the local news of the week, a careful summary of the State, Pacific Coast and mining news, together with a variety of miscellaneous and editorial matter, containing more reading than any weekly paper ever published in the county. Those desiring to subscribe for the WEEKLY JOURNAL, will please call at the publication office.

Seeds for Everybody.

Just received from the best gardens of the Eastern States and California a choice lot of fresh and pure Vegetable and Flower Seeds. Being experienced dealers and large buyers, we buy cheaper and sell our seeds twenty per cent. cheaper in bulk to farmers and gardeners than any other house in Reno—call and see for yourselves—Alfalfa, Red Clover, Timothy, Red Top, White Clover, Blue Grass, Fine Mixed Lawn seeds. A large stock as cheap as the cheapest.
